

NEWSLETTER – Nov / Dec 2018

Introduction

Welcome to the monthly newsletter from Coal Aston & Dronfield Against Fracking (CADAF). The aim of this bulletin is to keep you posted of the most relevant updates in our campaign and provide information of how you can get involved or express your views in a manner that they can be heard and valued.

Check our website for the latest news: www.dronfieldagainstfracking.org

HAVE YOU SEEN THIS WOMAN?

NATASHA ENGEL STILL ABSENT IN MARSH LANE?

As Coal Aston & Dronfield Against Fracking held its November meeting, no one has heard from the now long appointed Shale and Gas Commissioner. Her brief is to visit and connect with communities affected by fracking to reassure them that everything is safe, and there is nothing to worry about. Maybe a visit to Marsh Lane should be on her agenda sometime soon? CADAF would like her to hold a public meeting to explain her views on fracking and how Marsh Lane and surrounding areas can possibly benefit. Please report any sightings to ourselves or Eckington Against Fracking.

Ideas for a Public Meeting

In an effort to promote awareness of the activities of Ineos at Bramley Moor Lane, along with the fracking industry in general, CADAF are keen to hold a public meeting involving our local politicians and councillors together with learned professionals to discuss fracking and the future of our area. What are your concerns and would you like more information on them. Such areas that could be discussed are: devaluing of property, insurance issues on property, possible health issues, the future of the area, the environmental impact, what you can do to help etc. If we can gather enough support for certain issues we may be able to invite learned individuals from that area to speak on the subject. Ideas can be put to CADAF through our facebook group ([search "coal aston and dronfield against fracking"](#)) or via email (dronfieldagainstfracking@gmail.com)

KEEP THE PRESSURE ON

The subject of Brexit continues to dominate our news, which will be a welcome break for the fracking industry. This also a good time for them to push hard with their plans while not at the forefront of everyone's mind who is affected by their greed. Please continue to do all you can to oppose the proposed work at Bramley Moor Lane and surrounding areas like Harthill. This can be done by writing to your MP, local councillors or even Government Ministers telling them how you feel. Also we need to be more vigilant to underhanded proposals being passed undetected, while the public is distracted by other headline news topics.

FUTURE MEETINGS

We have secured the use of Gosforth Lodge for further meetings in 2019. The dates are as follows: 30th Jan 19, 27th Feb 19

All meetings commence at 7.15 pm and refreshments are available.

Gosforth Lodge, Cliffe Park, Callywhite Lane, Dronfield, S18 2XP.

Excellent disabled access available.

DRILLING SUSPENDED AT PRESTON NEW ROAD!!!!!!

After experiencing numerous earth tremors, with one at an intensity more than double the maximum permitted, Quadrilla have suspended work at Preston New Road until 2019. They have also removed the drilling equipment from site to prevent vandalism, as "our security staff deserve a Christmas Holiday too". We will keep you updated on their 2019 activities, and we trust their security staff enjoyed their hard earned break.

Coal Aston & Dronfield Against Fracking hope you have all enjoyed a brilliant Christmas and New Year. We thank you for your continued support, no matter how small, and hope you will continue to support our cause in 2019, to rid our area of Ineos.
